

NO SEW FRINGED FLEECE BLANKETS

What you'll need:

1. 2 yards each of print outerwear fleece and a solid outerwear fleece (same size).
2. Tape measure
3. Sharp scissors

BEFORE THE PACK MEETING:

- Cut a square of each fabric that measure from 56" to 58" square. This measurement should be a whole number. Remove the selvages (fabric fray)
- Place the squares over each other, wrong sides together.
- Cut a 3" square from each corner.
- To cut fringe, lay one piece of fabric on the floor/table, and then fold the 3" to be fringed back.
- Cut fringe 1" wide and 3" deep on all sides.

DURING THE PACK MEETING:

- Using a overhand knot, tie the front and back fringe together.
- Do this all the way around the blanket being careful not to stretch the fabric.
